

easel range

Displaying unusually shaped and sized products on countertops, shelves and in display cases in a way that is appealing and flexible to use, often requires a multitude of point-of-sale devices. The Easel Range enables you to present items in a variety of ways no matter their size or shape. The easels are barely visible, allowing your products to take centre stage and the adjustable, strong and durable rivets ensure they are easy to use, sturdy and practical. These simple and subtle Display Easels are ideal for retail stores, showrooms, offices, schools and homes, and can hold all sorts of items from plates, books and baskets to chess sets, cooking pots and jewellery.

ACRYLIC BASE DISPLAY EASEL

The Acrylic Base Display Easel is a subtle and attractive way to present refined items like china, trays, plates, giftware, artwork, tiles, framed photos, collectable's and plaques. The sturdy acrylic base is machine riveted to a vinyl coated, steel wire back brace that can be adjusted to suit the size and shape of your product on display. Clear plastic base with white back brace.
