

brochure range - portable floorstanding

PORTABLE BROCHURE STAND

Once in a while someone comes up with a point of sale tool that is both genius and stylish. The retractable floor standing brochure holder uses a combination of high quality acrylic and stainless steel to create a look that gives your printed material pride of place in a display environment. When you're not using it quickly and easily retracts down to a compact size and fits neatly into a small, easy to transport or stow away bag.

Available to hire or buy.

brochure range - stand alone products

OUTDOOR BROCHURE HOLDER

Ideal for any outdoor situation where you require a durable weatherproof brochure holder, which can be easily fixed to any wall or post and re-used as often as you like. The flip-top lid prevents the elements from ruining your advertising material while also allowing easy access. Designed to last these attractive display holders provide a reliable and convenient way to exhibit your brochures.
